+91-9390356231 — pillalamarrivenugopal56@gmail.com — linkedin.com/in/venugopal-pillalamarri-aa690b3b6

## Career Objective

---

Motivated Electrical and Electronics Engineering student seeking an opportunity to apply academic knowledge in power systems, circuit design, and embedded systems. Eager to contribute to real-world engineering projects and grow professionally in a dynamic organization.

## Skills

---

- **Electrical:** Electrical Power Systems, Transformer Protection & Testing, Switchyard Operations
- **Embedded Systems:** Arduino Uno, Basic PLC
- **Programming:** C Programming, Python (Basics)
- **Tools:** Microsoft Excel
- **Concepts:** Electrical Safety, Power Generation Systems

## Projects

---

### Design of Smart Electronic Voting Machine Using Arduino

- Designed and developed a smart electronic voting machine using Arduino Uno.
- Implemented secure vote recording and automated vote counting.
- Integrated electronic components and embedded programming.
- Enhanced practical knowledge in embedded systems and circuit design.
- **Technologies:** Arduino Uno, Embedded C

## Internships

---

### Generator Transformer Protection and Testing Intern

May 2026 – Jun 2026

*Telangana State Power Generation Corporation Limited (TGGENCO), Pulichinthala Hydro Electric Project*

- Studied operation, protection and testing of generator transformers in a hydroelectric power plant.
- Observed transformer protection schemes, switchyard equipment and maintenance procedures.
- Gained practical exposure to power generation systems and industrial electrical safety practices.

## Education

---

- **B.E. in Electrical and Electronics Engineering** 2023–2027  
Methodist College of Engineering and Technology, Osmania University  
CGPA: 7.36/10
- **Diploma in Electrical and Electronics Engineering** 2021–2024  
Anurag Engineering College, SBTET  
CGPA: 8.27/10
- **Secondary School Certificate (SSC)** 2021  
Ravi High School, Board of Secondary Education  
CGPA: 10.0/10

## Certifications

---

- Generator Transformer Protection and Testing – TGGENCO (2026)
- PCB Design & Fabrication Workshop – Methodist College of Engineering and Technology in collaboration with Pantech e Learning (2025)
- Hands-on Training on Solar Photovoltaic Systems – Methodist College of Engineering and Technology in collaboration with Greenvion Energy Technologies (2025)
- IoT Systems Design & Application Workshop – Pragyatmika (2024)

## Soft Skills

---

Problem Solving, Teamwork, Communication, Leadership, Time Management, Adaptability, Quick Learning

## Languages

---

English, Telugu, Hindi

## Declaration

---

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
